Re: Petition for Rule Making
Shattuck, Oklahoma

Dear Ms. Dortch:

Enclosed is an original and four (4) copies of a
Petition for Rule Making to add Channel 281C2 at Shattuck,
Oklahoma.

Respectfully submitted,

A handwritten signature in black ink, appearing to be "Charles Crawford", written over a horizontal line.

In the Matter of)
)
Amendment of 73.202 (b)) MB Docket No. _____
Table of Allotments)
FM Broadcast Stations)
(Shattuck, OK))

To: John Karousos, Assistant Chief
Audio Division of the
Media Bureau

PETITION FOR RULE MAKING

Pursuant to 47 C.F.R. 1.401, Charles Crawford
respectfully petitions the FCC to institute a Rule Making
proceeding to amend the FM Table of Allotments to add
Channel 281C2 at Shattuck, Oklahoma.

DISCUSSION

Petitioner respectfully submits that the public
interest would be served by allocating Channel 281C2 to
Shattuck, Oklahoma as that community's first local
service. Shattuck, Oklahoma is an incorporated
community with a population of 1,274 people.¹ Shattuck
has its own mayor, its own schools, fire department, police
department, post office and a number of local churches.
Shattuck is a community that is certainly deserving of a

¹ U.S. Census 2000

local service. The proposed channel 281C2 will provide additional diversity and an outlet for local self-expression to Shattuck residents and therefore is in the public interest. "Local radio stations play an important role in their communities, providing local news, information and entertainment to residents, and generally serving as good corporate citizens in the local community life. This is particularly true in smaller towns, where the radio stations are limited in number. Yet there are still rural areas of our country that do not have even a local radio station."²

In order for Channel 281C2 to be allotted to Shattuck, Oklahoma, two vacant allotments will need to be moved to new channels and one station must be reclassified from C to C0. Station KMGL in Oklahoma City will need to be reclassified from a C to a C0. (See, Attachment A, Request to Reclassify Statement for KMGL)

The proposed changes are:

	<u>Present</u>	<u>Proposed</u>
Shattuck, OK	-----	281C2
Wheeler, TX	280C2	276C2
Pampa, TX	277C2	273C2
Oklahoma City, OK	281C	281C0

Attached hereto is a channel study confirming that Channel 281C2 can be allocated to Shattuck, Oklahoma,

² Statement of Commissioner Kevin J. Martin, MM & O, MM Docket 99-240, released May 20, 2004.

consistent with the FCC's FM separation rules provided the changes are made at Wheeler, Pampa and Oklahoma City. See revision of FM Assignment Policies and Procedures, 90 FCC 2d 88 (1992). (See, Attachment B)

Reference coordinates for Channel 281C2 at Shattuck, Oklahoma are:

36 06 45 N
100 04 30 W

In order for Channel 281C2 to be allotted to Shattuck, Oklahoma, Channel 280C2 at Wheeler, Texas must move to Channel 276C2. Attached hereto is a channel study confirming that Channel 276C2 can be allocated to Wheeler, Texas consistent with the FCC's FM separation rules provided the change is made at Pampa, Texas. See revision of FM Assignment Policies and Procedures, 90 FCC 2d 88 (1992). (See, Attachment C)

Reference coordinates for Channel 276C2 at Wheeler, Texas are:

35 30 45 N
100 05 00 W

In order for Channel 276C2 to be allotted to Wheeler, Texas, Channel 277C2 at Pampa, Texas must move to Channel 273C2. Attached hereto is a channel study confirming that Channel 273C2 can be allocated to Pampa, Texas consistent

with the FCC's FM separation rules of FM Assignment Policies and Procedures, 90 FCC 2d 88 (1992). (See, Attachment D)

Reference coordinates for Channel 273C2 at Pampa, Texas are:

35 23 30 N
100 56 00 W

Should this petition be granted and Channel 281C2 allotted to Shattuck, Oklahoma, Petitioner will apply for Channel 281C2 at Shattuck and after it is authorized, will promptly construct the new facility.

The factual information provided in this Petition for Rule Making is correct and true to the best of my knowledge.

Respectfully submitted,

Charles Crawford

Attachment A

(Request to Reclassify Statement for KMGL, Oklahoma City,
Oklahoma)

Charles Crawford
4553 Bordeaux Ave.
Dallas, Texas 75205

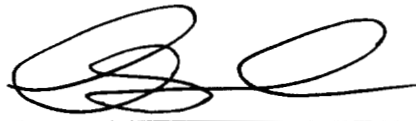

Petition for Rule Making
FM Channel 281C2
Shattuck, Oklahoma
December 1, 2004

Attachment A

Request to Reclassify
Station KMGL(FM), Oklahoma City, Oklahoma
Pursuant to MM Docket 98-93

Radio Station KMGL(FM), Oklahoma City, Oklahoma is licensed to Renda Broadcasting Corporation of Nevada, 900 Parish Street, 4th Floor, Pittsburgh, PA. 15220, (Facility ID 55708), FCC File No. BLH-19820830AH. The facility operates with a power of 100 kilowatts with center of radiation 415 meters height above average terrain. The above captioned Docket 98-93 provides the mechanism to automatically downgrade a Class C facility to Class C0 when a demand is made for the spectrum, as is the case here. Charles Crawford respectfully requests that the license of Radio Station KMGL(FM) be modified to specify operation on FM Channel 281C0 instead of on FM Channel 281C in accordance with the above Docket which provides for such downgrades when a demand for the unused spectrum is made, as is the case here.

Charles Crawford, the proponent of Channel 281C2 at Shattuck, Oklahoma, in accordance with the above Docket, formally requests that the Commission reclassify Radio Station KMGL(FM) as a Class C0 facility. Charles Crawford certifies that no alternative channel is available for the service he proposes at Shattuck as is proposed in the Petition for Rule Making. A copy of this Petition for Rule Making is being served on Renda Broadcasting Corporation of Nevada, as is required in the above Docket.
